Welcome to Dean Clough*

Dean Clough is a vibrant 22-acre mixed-use site, stretching half a mile from one end to the other, consisting of 16 stone multistorey Victorian mills.

The Dean Clough community is dynamic, creative and diverse and home to some 150 businesses who employ approximately 4,000 people here. The businesses range from locally owned SMEs to multinationals employing over 1,000 people on site.

These magnificent mills were constructed between 1840-1870 by the Crossley family, who founded their Crossley Carpet empire here in 1822 and rose to be the largest carpet manufacturers in the world, before their looms fell silent in 1982.

*Dean and Clough are both old English words meaning valley and ravine

Our journey began in 1983, when we established Dean Clough Ltd - a private family-owned business - with the aim of bringing these buildings back to life and a desire to create an engaging and vibrant community for people and businesses alike.

We, and our dedicated management team, are site-based and pride ourselves on building longterm relationships with our customers and stakeholders, with many people and businesses having been here with us for 30+ years.

We offer office, retail and leisure spaces in a range of sizes, with a myriad of options from one person spaces to multi - floor mills, from Grade A, high specification refurbishments to shell spaces, allowing us to respond to both established and start-up businesses alike, at competitive price points.

Whatever your business, we relish the prospect of welcoming you and discussing how we can respond to your needs.

If you are interested in joining the dynamic Dean Clough community or if you would like to find out more then please contact myself, or one of our team. Thank you for your interest and we very much look forward to hearing from you.

DEAN CLOUGH

Dean Clough is so much more than a place to work. It is a community where people come to visit, eat, drink, shop, celebrate, recharge and even marry! The variety and vibrance of the mills have to be seen to be appreciated.

There is a fabulous array of local independent food and drink establishments, catering for a range of tastes, with 4 restaurants, a gaming themed bar and diner, a real ale pub, a coffee roastery and 2 cafes.

The site boasts an abundance of arts and culture, with 6 galleries, a theatre, 2 resident theatre companies, a permanent art collection with over 300 original works on display, a dedicated arts mill and studios which are home to 25 artists and numerous arts organisations.

In addition to a Jack Wills outlet store, the Prestige Flowers Gift Shop, the Design Shop and a newsagent/convenience store, there are beauty salons, hairdressers and yoga classes, reiki, gyms and a karate dojo for those who prefer a workout!

At the heart of the site is The Arches, a spectacularly stylish industrial venue, perfect for incredibly individual weddings and exclusive events. With a highly-experienced events team, The Arches is a much sought after venue for charity balls, proms, private parties and corporate events. The space is very versatile with formal dinners seating up to 300 people, with the added benefit of a Travelodge hotel on site for overnight stays.

There is also a nursery - rated outstanding by Ofsted - a taxi rank, a Royal Mail post office, an estate agent and conference and meeting rooms.

These are the ingredients which create a community, providing the social spaces to foster a tangible sense of belonging and place.

The History of Dean Clough

Dean Clough is a place name and both words Dean and Clough, are old English words which in essence mean valley and ravine.

These magnificent mills, which adopted the name of the place in which they were built, were constructed between 1840 and 1870 by the Crossley family, who founded their Crossley Carpet empire here in 1822.

They were once the largest carpet manufacturers in the world and were an exemplar of Victorian industry and endeavour.

At their peak they were world leaders in their market, but ultimately – 160 years after their inception – they succumbed to the changes in market forces and closed the mills in 1982.
