ISLAND FOR THE ARTS

# A NEW CULTURAL HEART FOR LONDON

London City Island has established a rich and diverse cultural scene, bringing together film, dance, and modern art, all in this historic Docklands location.

More than just a place to live, London City Island is a destination. A vibrant, exciting location that draws from both the business might of neighbouring Canary Wharf and the cultural energy of east London.

## ISLAND FOR THE ARTS

# MORE THAN JUST A PLACE TO LIVE, LONDON CITY ISLAND IS A DESTINATION

The creation of an inclusive island neighbourhood on one of the best-connected sites in London is now a stunning reality.

Taking inspiration from the best elements of metropolitan islands around the world in a way that's tailor-made for the twenty-first century, London City Island combines bold architecture and pioneering landscape design to create a spectacular landmark in riverside living.

More than a place to live, London City Island is a destination with opportunities to engage a captive audience looking for an inspiring place to work. Already, it has attracted a number of major organisations to the east, including the English National Ballet. This vibrant location welcomes the business might of neighbouring Canary Wharf and the cultural energy of east London.

“OUR VISION FOR CITY ISLAND HAS ALWAYS BEEN TO CREATE A VIBRANT, CULTURAL NEIGHBOURHOOD FOR LONDON WHICH HAS CREATIVE INNOVATION AT ITS HEART. WE ARE DELIGHTED THAT THIS VISION HAS BECOME A REALITY.”

# A THRIVING ISLAND OF TALENT AND EVENTS

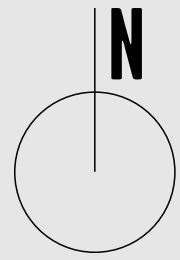

Creative credentials don't come more highly than this. The Island is home to the Royal Academy of Music, whose space includes four large studios, 10 teaching and practice rooms and in-built, state-of-the-art recording facilities. Their aim is to transform opportunities for students in every department, not only improving their overall experience, but their training prospects for opera and music theatre.

This extraordinary cultural centre will not only be a place of musical excellence and learning, but will strengthen social impact in the east through various community projects – making music education more accessible.

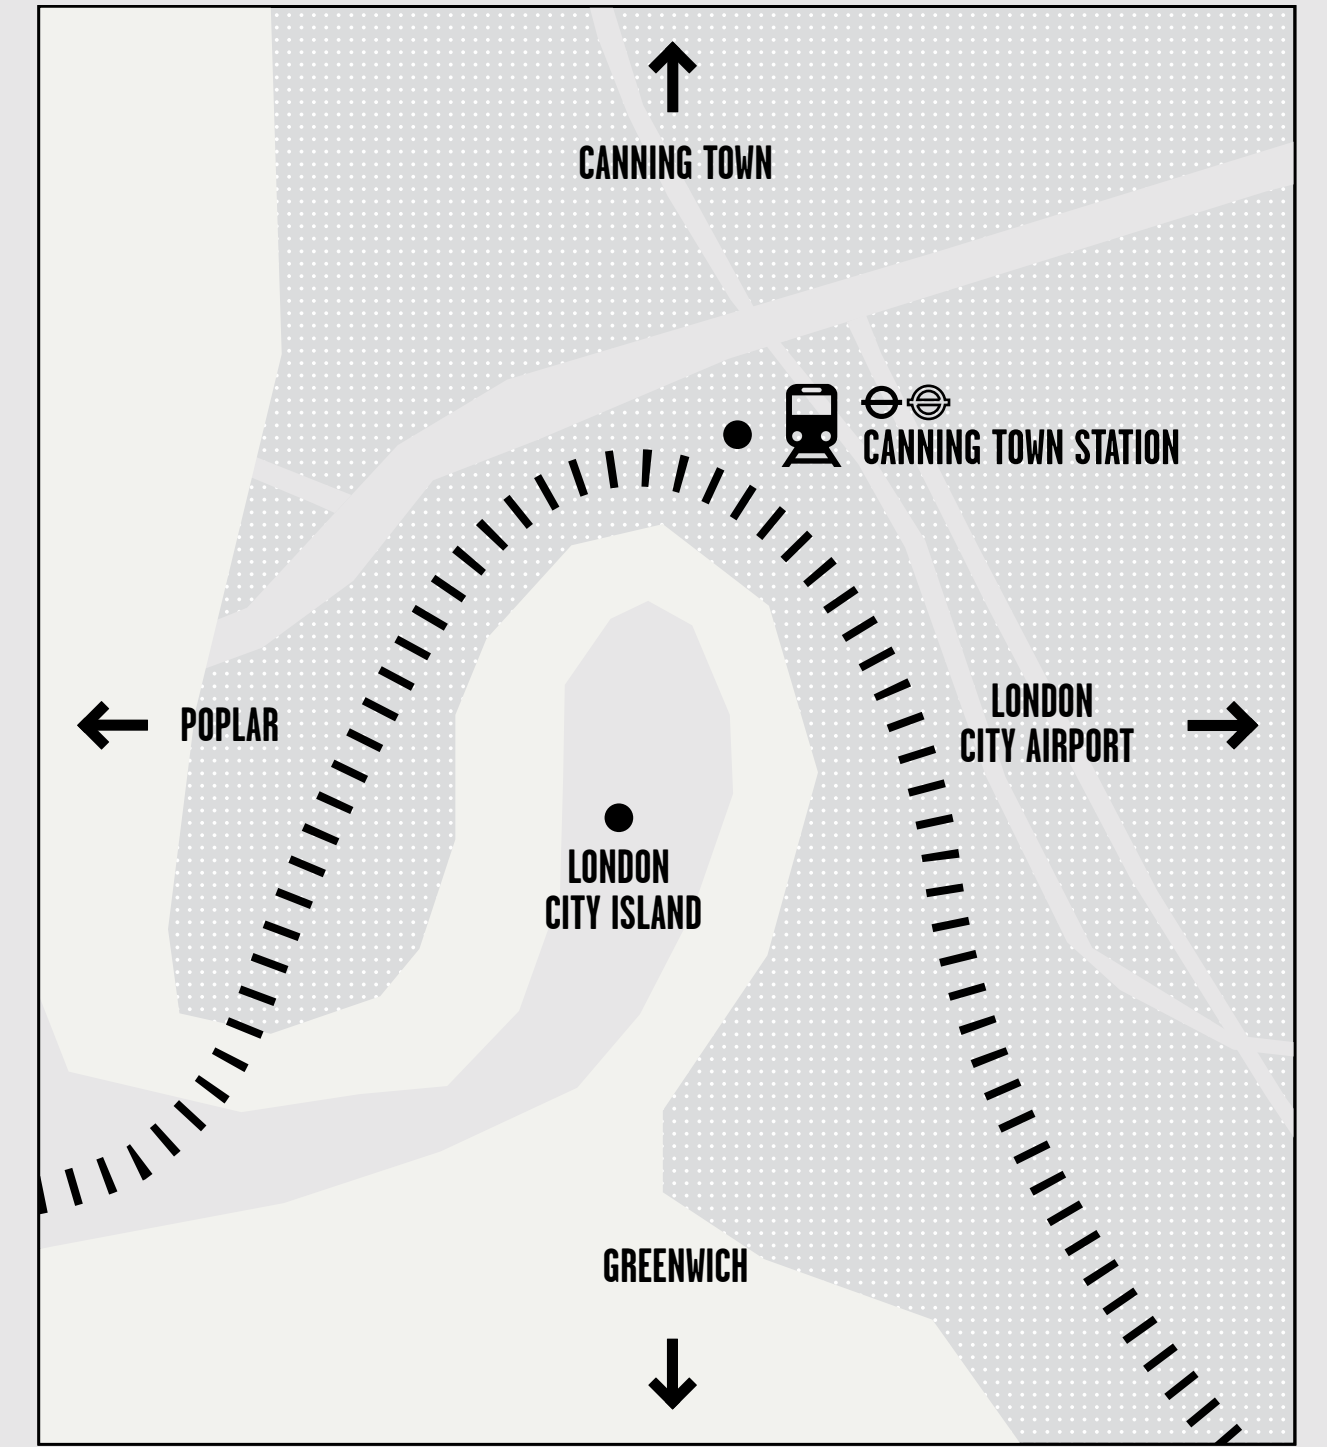

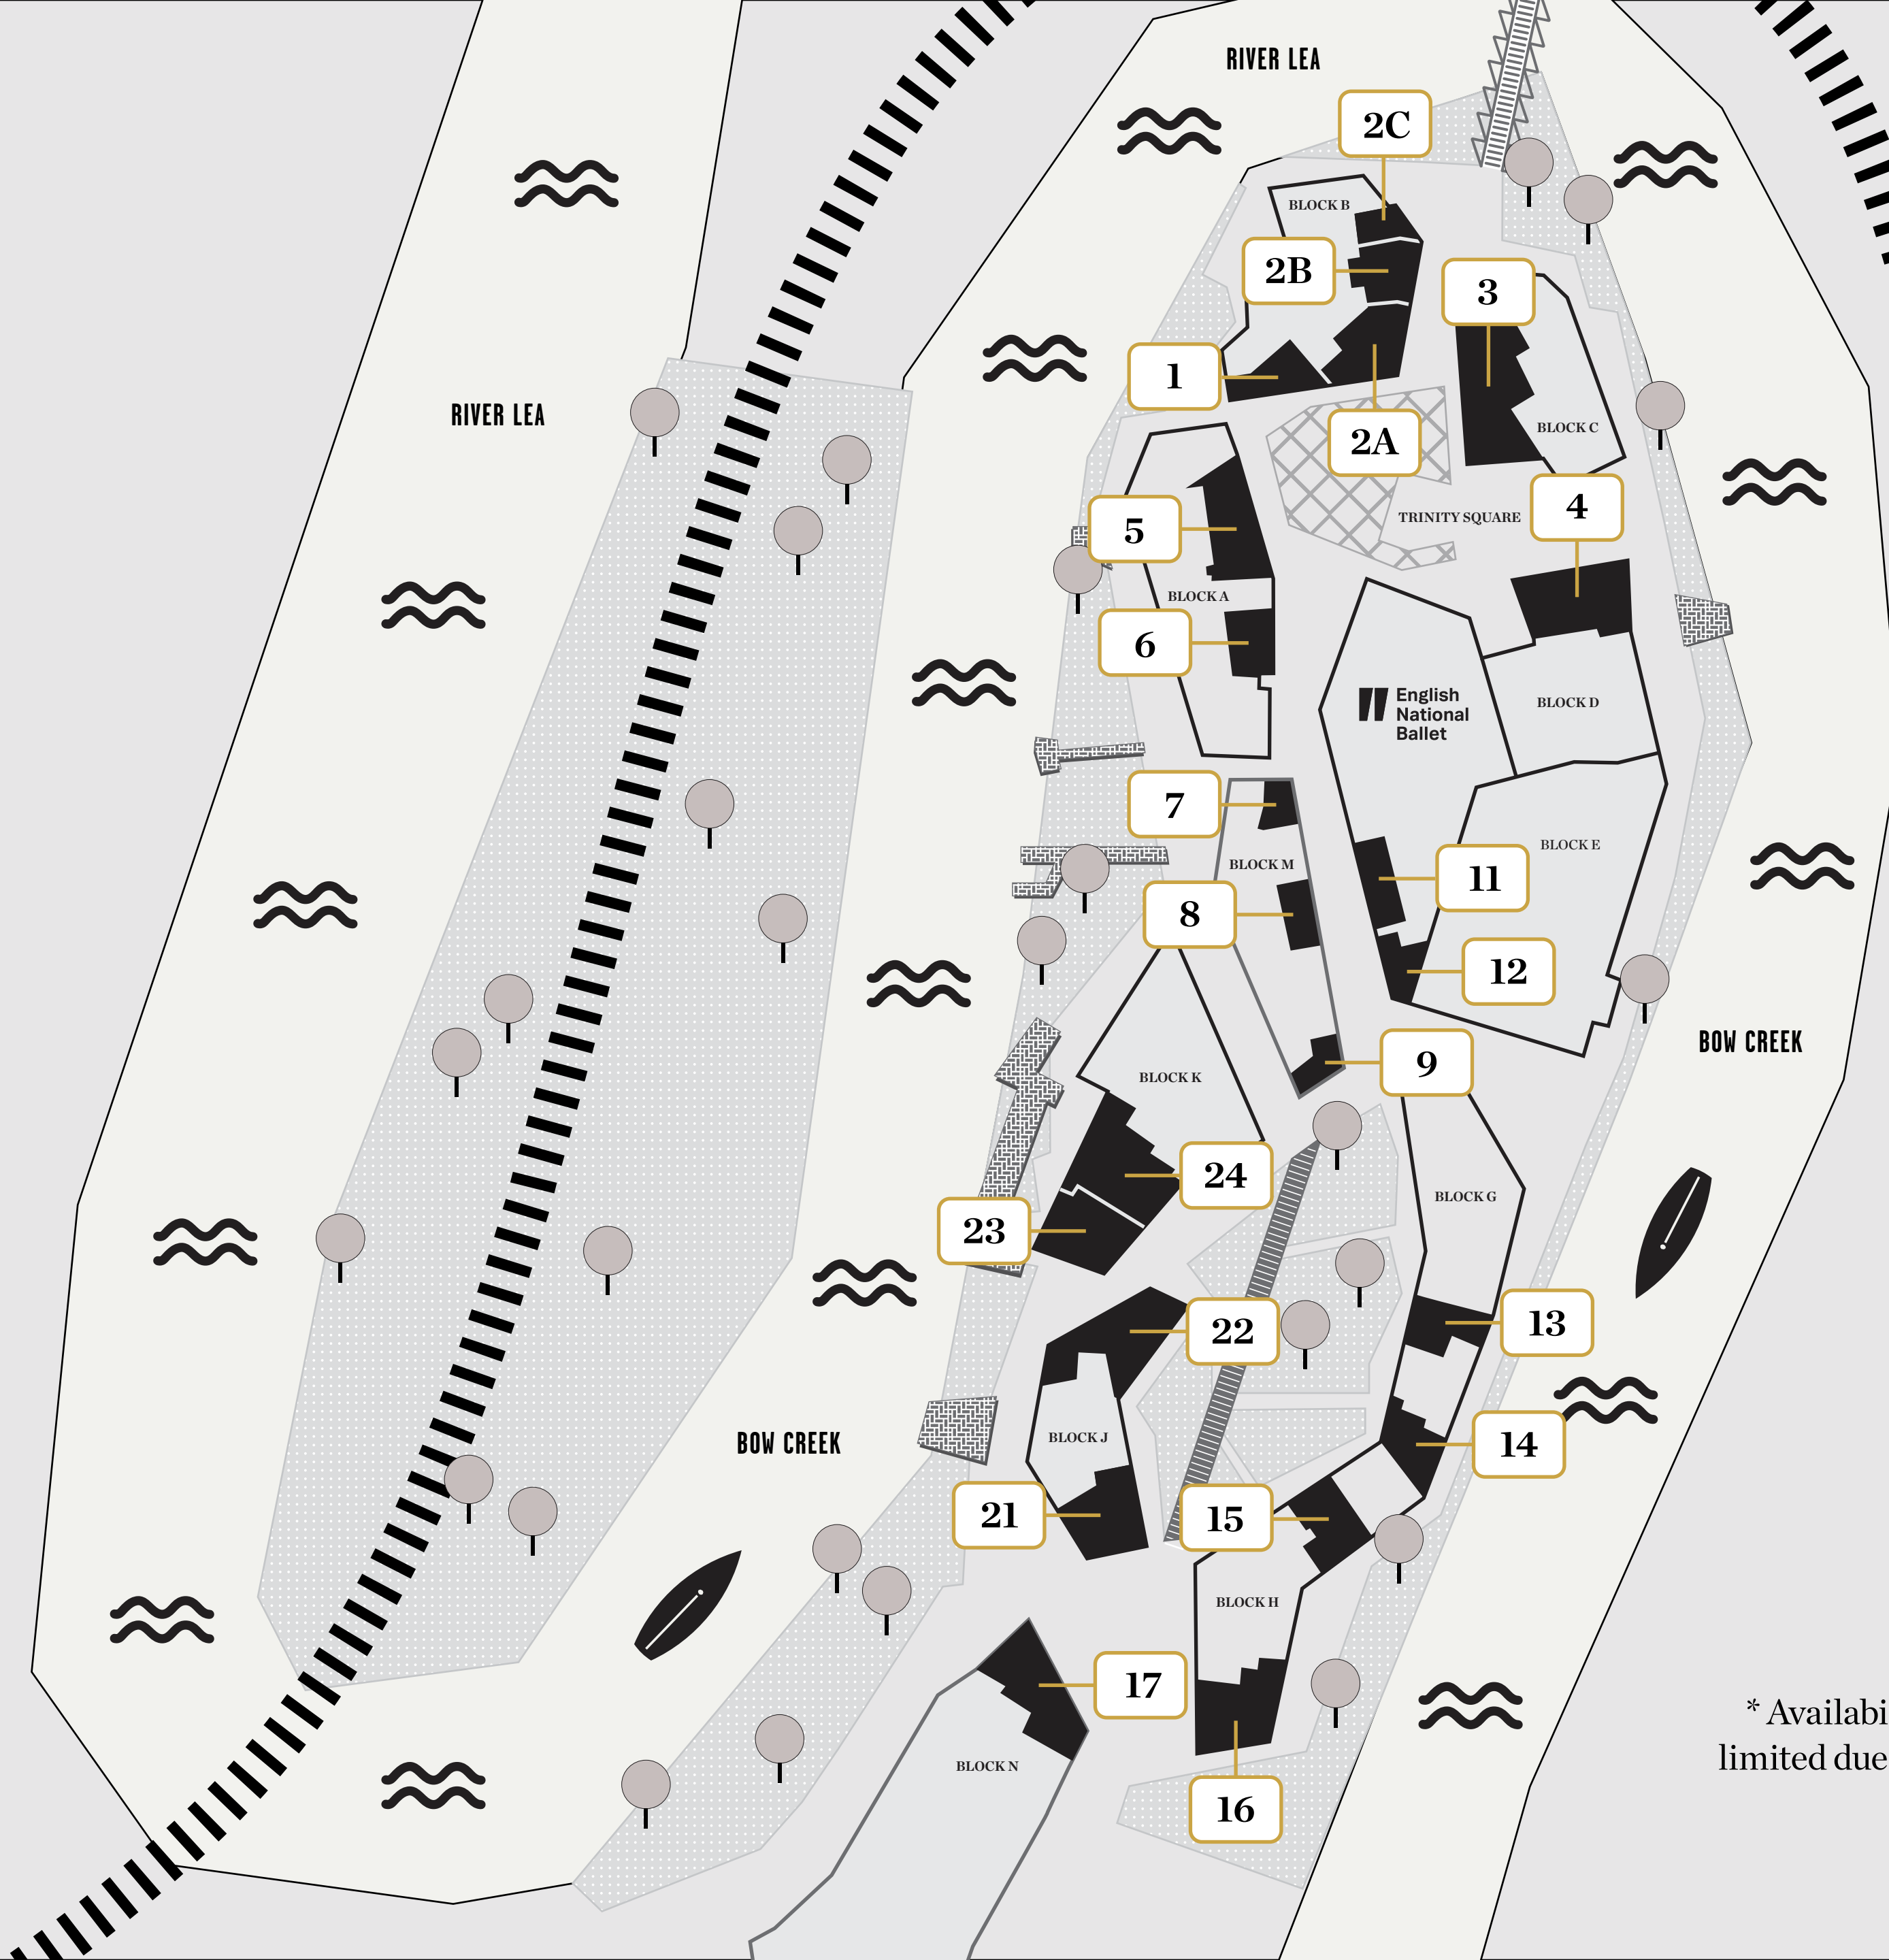

The English National Ballet and English National Opera are also neighbours, non-profit organisations with a proud mission to take ballet and opera all over the country, and a passion for teaching and creative excellence.

Within these spaces, the possibilities are endless.
