BUILDING Q3 , CAXTON WAY , OFF GUNNELSWOOD ROAD, STEVENAGE, HERTFORDSHIRE, SG1 2DF

LOCATION

Stevenage is a vibrant commercial centre with strong representation in the aerospace, defence and life science sectors.

It is located between Junctions 7&8 of the A1(M) approx. 32 miles north of Central London.

Stevenage intercity station provides a regular non-stop service to Kings Cross / St Pancras (Europe's leading transport hub) in around 19 minutes.

London Luton and Stansted airports are conveniently close.

Stevenage offers a full range of services including a leisure park, major out of town retail development, major town centre and the attractive old town area with its range of pubs and restaurants. The surrounding villages offer attractive housing and pub/restaurants.

Centrally located in the main Gunnels Wood commercial area the site backs on to the A1(M) and is within convenient walking distance of the station and town centre. Junction 2 & 8 of the A1(M) are easily accessible.

It is a regular shaped site fronting on to Caxton Way with alternative rear access from Potters Lane. There is an additional strip of land on the west side of Potters Lane providing a continuous row of car parking. This could facilitate a very efficient use / development configuration to maximise use.

Potters Lane and Caxton Way are both adopted and therefore there is no estate service charge.

ACCOMMODATION

A self-contained complex fronting on to Caxton Way with rear service access from Potters Lane where there is an additional strip of car parking land on the west side of the road.

A single storey industrial complex with office and ancillary areas at the front and side. There are external yard areas to the rear and sides of the unit.

PLANNING

The site is wholly located within area EC2a. This allocates the use to E, B2 or B8 development.
