## DESCRIPTION

This well-established industrial manufacturing facility is situated on Cromwell Street, in a long-standing commercial area of Coventry, West Midlands. The premises comprises of a detached, purpose-built industrial unit with adjoining office accommodation, secure yard space, and on-site parking.

Constructed predominantly of steel portal frame with brick and block elevations, the property features a double-pitched roof with translucent skylights providing excellent natural light to the workshop and production areas.

The main factory floor offers open-plan manufacturing space with reinforced concrete flooring, high internal eaves height and access via large roller shutter doors, ideal for a variety of uses and equipment. The layout supports heavy industrial use, including machining, toolmaking, and fabrication.

The property also provides a well-presented two-storey office block comprising a reception area, private offices, meeting rooms, and staff amenities including WCs, kitchen, and locker/changing areas. Office areas benefit from central heating, carpet flooring, and suspended ceilings.

The building sits on a secure, self-contained site with gated access from Cromwell Street. The site includes a dedicated service yard, loading/unloading areas and allocated staff and visitor parking. The yard is suitable for articulated vehicle access and container deliveries.

This property offers excellent potential for continued industrial use, owner-occupiers, investors, or redevelopment (subject to planning). It is ideally located for access to major transport links and industrial hubs in the West Midlands.
