## LOCATION

Redan Road is located within a few minutes drive of Aldershot Town Centre, and a short drive from North Lane giving excellent access to the A331 Blackwater Relief Road which serves Junction 4 of the M3 Motorway to the North and the A31 Guildford – Farnborough Road to the South.

## DESCRIPTION

The estate is believed to have been constructed within the early 1980's, and offers both industrial and warehouse companies an estate that is both relatively quiet, but conveniently located. The development when constructed clearly had large lorries and HGVs in mind to use it, with good turning and loading space, and parking allocations and individual loading areas for each unit.

Units 9 & 10, can be taken as one, as they have openings at both ground and first floor levels, but our client will also give consideration to splitting the units into two stand alone units. Each Unit has mezzanine floors, but both are very different in their design and configuration, and to this end we recommend that interested parties should inspect the units in order to see how the buildings can work for their company's intended use.

The main industrial areas offer good sized rectangle space measuring 13.3 metres in length and approximately 5.6 metres in width. The loading doors are the folding composite panel type, and are approximately 3 metres in width and 3.7 metres in height.

- Private car park – Exact number of reserved parking spaces per unit to be confirmed
- Loading areas to both units
- Mezzanine Floors
- Ideal for a Trade Counter Use or Similar Uses
- Toilet and kitchen facilities
