DIAL UP PERFORMANCE

DIAL UP ACCESS UNLOCK GROWTH

DIAL 650 is a premier 653,647 sq ft, BREEAM Excellent logistics building built in 2019. It combines multi-modal connectivity with a fully fitted distribution centre inclusive of multi temperature storage. Significant fit-out infrastructure provides an incoming occupier speed to operation, whilst minimising capex and procurement lag.

DIAL UP PERFORMANCE

DIAL DOWN COSTS

DIAL 650 is a fully commissioned distribution platform equipped with circa £19.5m* of premium, in-situ fit-out.

*inclusive of inflation

Temperature-Control Areas

There are three distinct refrigerated areas - Chilled, Cold Handling and Freezer sections. The cold handling and chilled areas operate at +3c and the freezer at -28c. Six independent refrigeration systems, served by Advansor transcritical booster packs and roof-mounted gas coolers, provide resilient chilled and frozen storage. There is anti-frost protection for the freezer provided via an underfloor pumped glycol system.

Sprinklers

The sprinkler system protects the warehouse, racking and ancillary areas, including the aerosol cage, recycling area and maintenance workshop, with a capacity of up to 3,000 litres per minute.

Power

Power is supplied via two dedicated 1,000kVA on-site substations, providing 2,000kVA import and 950kVA (solar) export capacity. A 2250kVA diesel generator set is in situ to enable full operation during a network outage.

Solar PV

A 2MWp rooftop solar PV system helps power the building, with surplus energy exported to the grid. An automated control system manages exports, maintaining them below the 950KW limit. When used to help power the building the PV provides occupiers C£500,000 per annum savings based on 22.11p/Kwh costs.

LED Lighting

These luminaires have integral presence and daylight sensors to react to movement and levels of natural daylight available.

CCTV

Comprehensive CCTV coverage monitors all external and key internal areas, with footage recorded and accessible via on-site monitoring systems.
