LOCATION

Strategically located to the west of Yate, the 5.7-hectare (14.1-acre) site on Station Road (A432) offers great accessibility and amenities. Formerly a hub for WWI military aircraft repair and WWII manufacturing—and most recently used for modern appliance production—the site is now available as a whole or part to lease.

Bounded by the railway to the west and screened by trees to the north and east, the site provides approximately 26,176 sq m (243,564 sq ft) of GIA across several industrial buildings. This established employment site features exceptional connectivity, situated immediately adjacent to Yate Railway Station and just 5 miles from the M4 (Junctions 18 and 19).

Local occupiers include FedEx, Screwfix, Jewson, Greggs and Euro-coaches.

DESCRIPTION

The property comprises a 1960's large industrial building of predominantly steel-frame construction with brick and profiled metal-clad elevations. Internally, it provides extensive open-plan accommodation with high ceiling heights, wide structural spans and reinforced concrete floors suitable for heavy industrial use.

The building includes ancillary office, welfare, plant and mezzanine areas, offering flexibility for reconfiguration or removal. Overall, it represents a robust and adaptable industrial asset with significant potential for refurbishment or alternative use, subject to consent.
