Description

Unit 5 forms the end building of a complex of five industrial / warehouse units. The property is constructed of steel portal frame with external elevations faced in a combination of brick and profile metal sheet cladding, beneath an asbestos cement sheet roof.

The building is split into two interconnecting bays with a height to eaves ranging from 3.9m to 4.2m to underside of haunch plate. There is a loading door to the front incorporating a glazed trade counter entrance. The rear bay has 3 roller shutter loading doors opening onto the secure yard.

To the front there is a concrete surfaced loading yard and parking area, shared in conjunction with the other tenants on the estate and to the rear and side is a securely fenced and dedicated compound surfaced in hardcore which extends to approx. 0.67 acres.
