LOCATION

The premises is located directly off De La Beche Street.

De La Beche Street is located along the periphery of the Swansea City Centre, which is less than ½ mile distant. All expected services and amenities are within easy reach. There are also some retail users and some of the properties in the vicinity have more recently been converted into Housing in Multiple Occupation.

The subject premises is also located within the immediate proximity to the recently completed Albert Hall development (by Loft Co.), which includes 800-capacity music and entertainment venue.

Swansea is a waterfront City and is the economic centre of the South West Wales region. It has a modern service sector dominated economy and is home to a wide range of national and international companies. The population of the City and County of Swansea is currently estimated at 239,000 (2001 Census) 8% of the total population of Wales. The City has good road and rail links and is connected to the motorway network via the M4.

DESCRIPTION

The subject premises comprises a mid-terraced, three storey office building equating to approximately **127.61 sq.m (1,373.59 sq. ft.)** in total, which is situated along a prominent main road position within Swansea city centre.

At present the subject premises currently accommodates a number of individual office rooms throughout the majority of the building, supported by various staff toilets and kitchen facilities as well as an open plan reception area at ground floor level.

Additional parking facilities are also available to the rear, for a minimum of 6 spaces. This appears to be much larger than what is typically offered on the open market for a building of this size and we generally find that similar office buildings comprise only 2-4 parking spaces in comparison.
