ESG

Boxyard puts sustainability and well-being at the forefront of its performance agenda.

All Boxyard units are Net Carbon Zero, BREEAM Outstanding and EPC A+.

Building features include roof photovoltaics and PIR sensitive LED lighting to reduce energy costs, extensive glazing to maximise light and increase staff efficiency and wellness.

All units have end of journey facilities with changing and shower rooms, and super loos as standard.

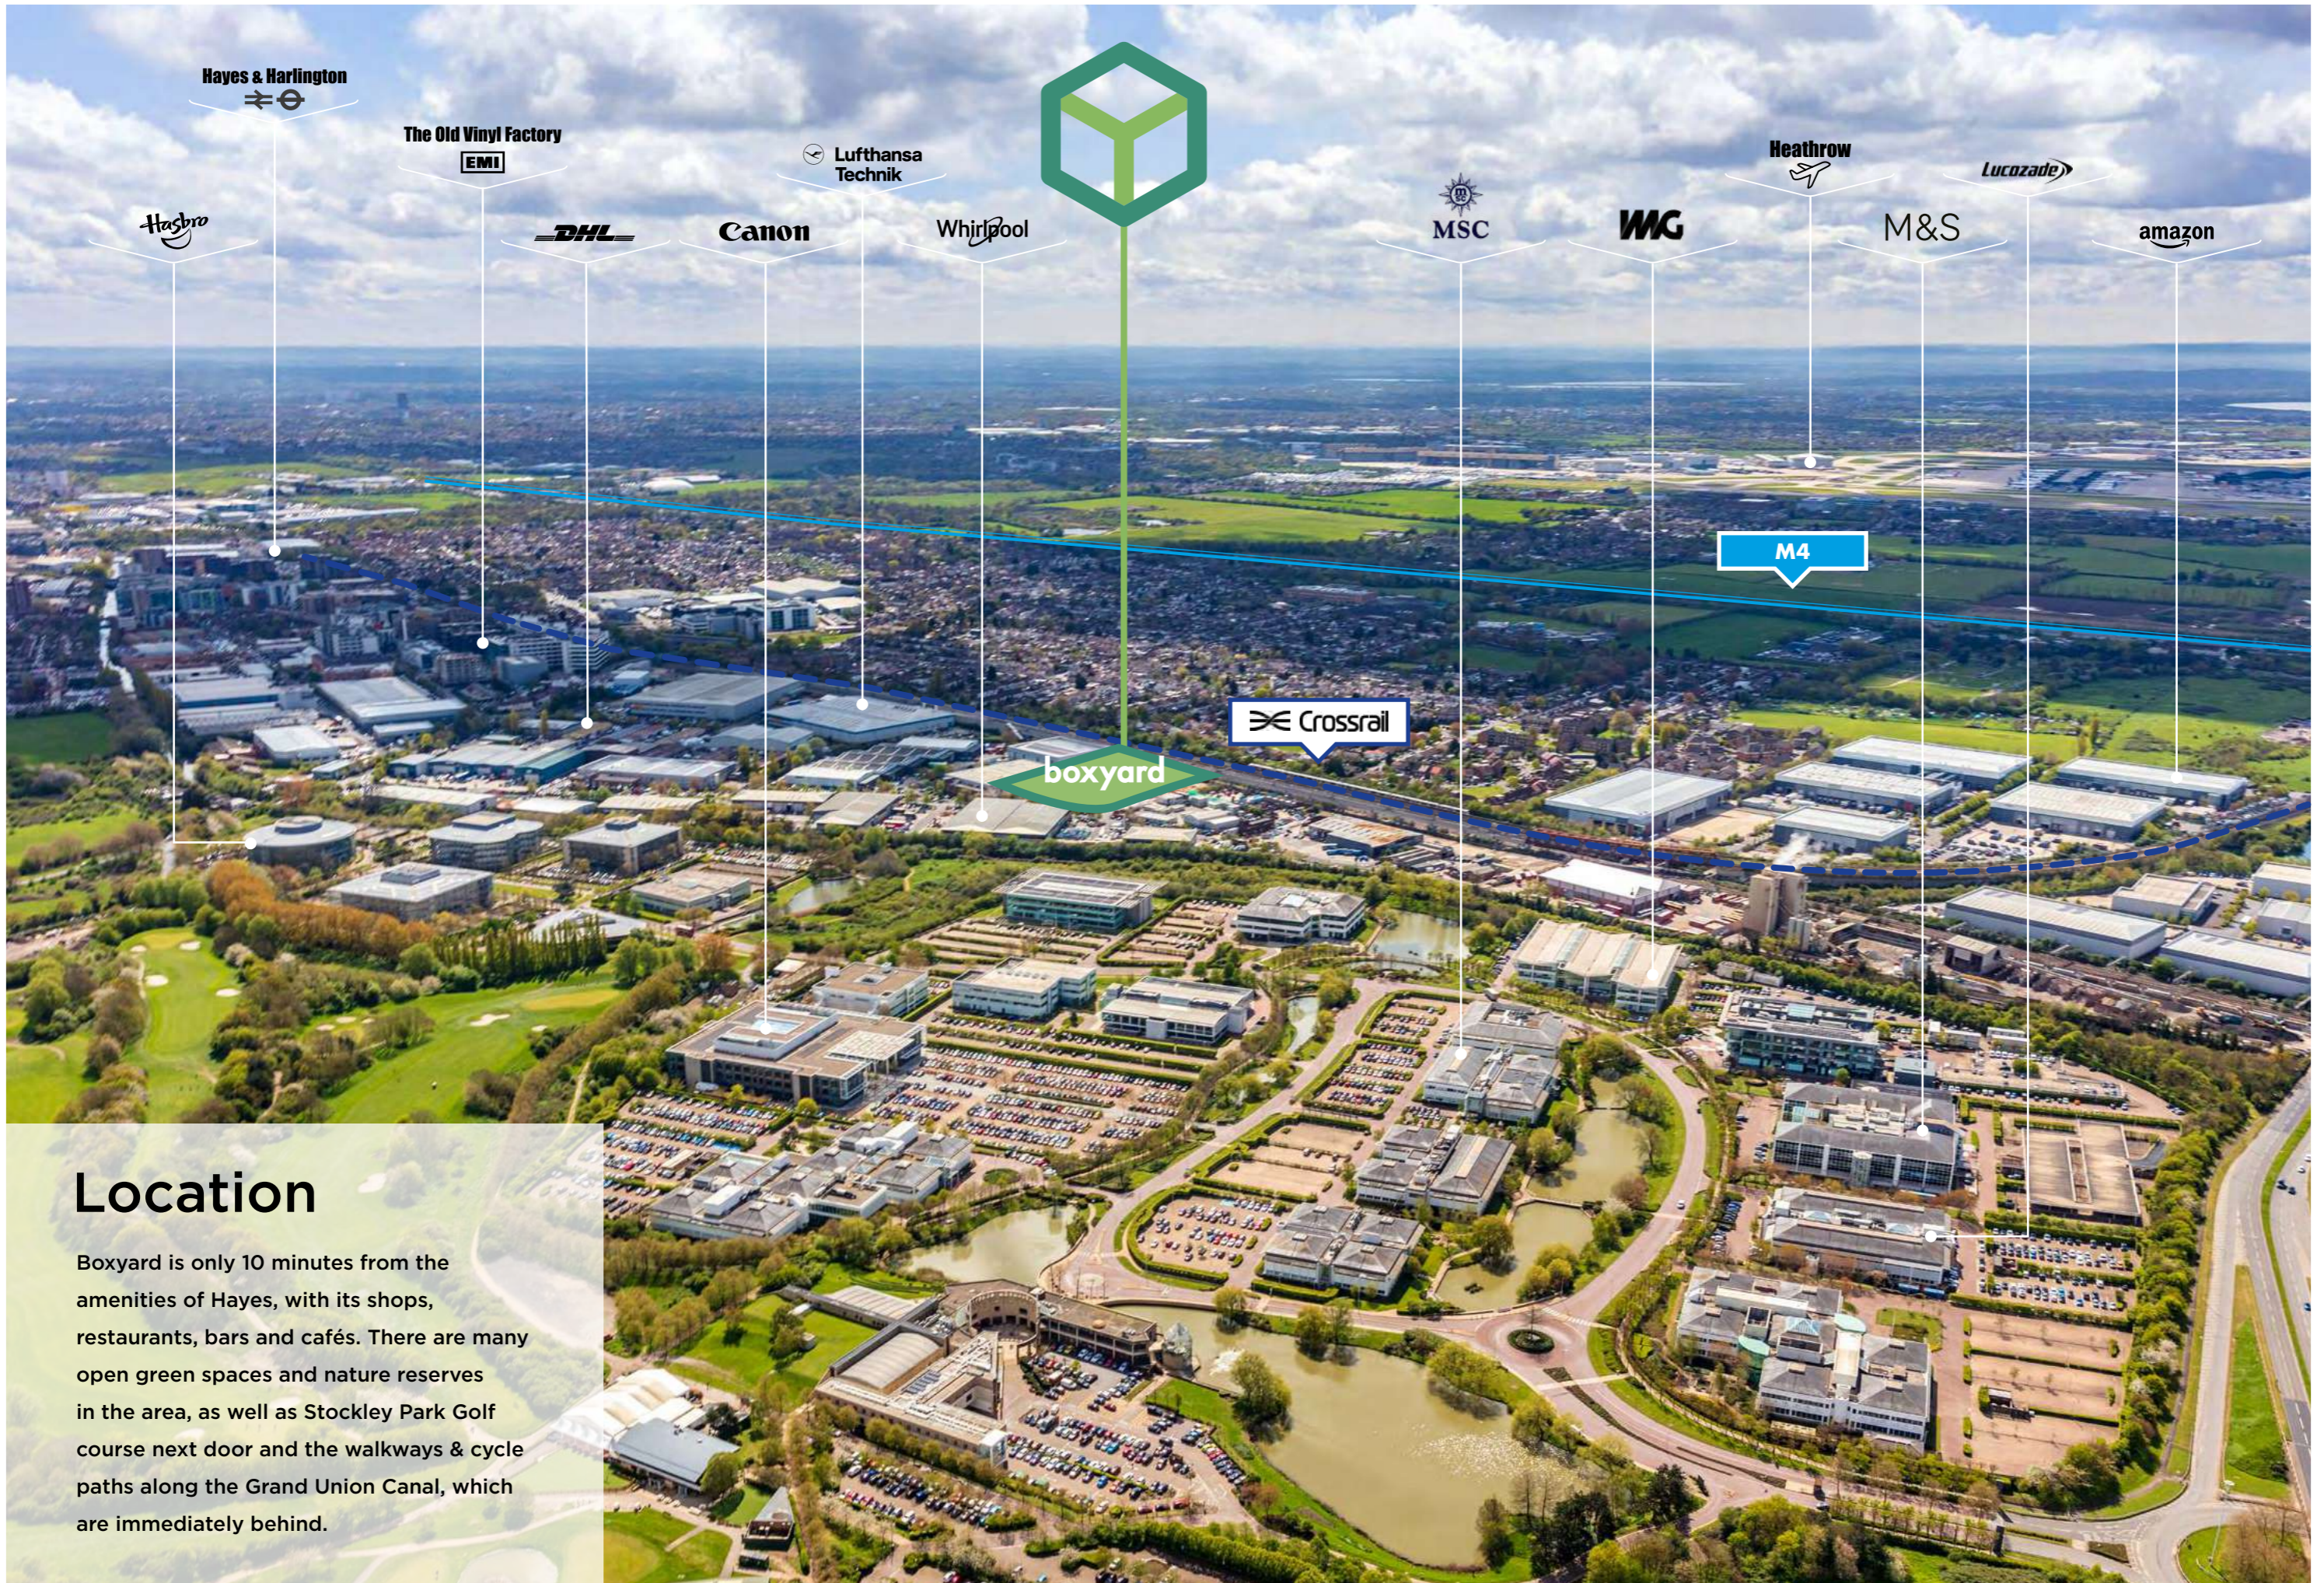

Landscaped features surround the development to provide amenity space and on site biodiversity net gain.

COST SAVING

All Boxyard units are Net Carbon Zero. Power generated from the Photovoltaic roof panels are a direct benefit to the tenant and support each units respective power drawn from the grid.

Location

Boxyard is only 10 minutes from the amenities of Hayes, with its shops, restaurants, bars and cafés. There are many open green spaces and nature reserves in the area, as well as Stockley Park Golf course next door and the walkways & cycle paths along the Grand Union Canal, which are immediately behind.

Connections

Boxyard is strategically located on Rigby Lane in the centre of the Hayes industrial area.

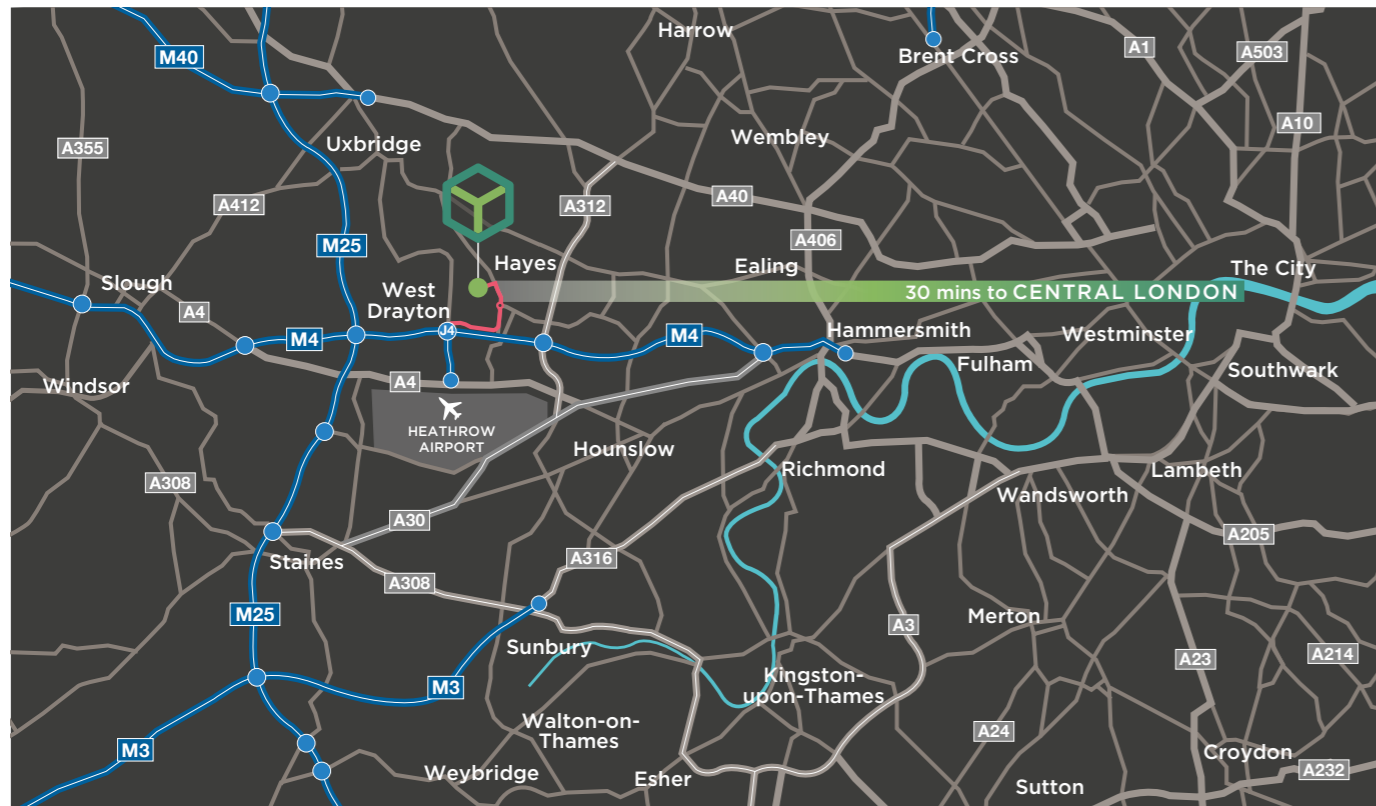

Boxyard delivers swift access to London's arterial road network within minutes.

Connectivity with the M4 and M25 brings

Boxyard exceptionally close to London, Heathrow and the wider UK network.
