SUNNYSIDE MILL
HIGHFIELD ROAD, CONGLETON
CHESHIRE, CW12 3AQ

GENERAL DESCRIPTION

Sunnyside Mill is a period former textile mill of solid brick elevations supporting a range of pitched and felted flat roof surfaces now converted into office accommodation. The accommodation is arranged over four floors with each floor being open plan and having its own male and female toilets and kitchen facility. The property has been modernised throughout and benefits from suspended ceilings with recessed lights, uPVC double glazed windows and computer network points on all floors terminating in a designated server room. As each floor is self-contained and has its own gas fired boiler providing independent heating, there is the opportunity to sublet individual floors for those occupiers who do not initially need all of the space. To the rear is a secure and tarmacked car park which can accommodate up to approx. 20 car parking spaces, there are also a number of additional spaces fronting the property along the access road.

LOCATION

The property is set back from the main road slightly and has roadside frontage to Highfield Road, which is off Canal Street and is approx. ¼ of a mile to the south of the town centre. The property is in a predominantly residential area although the main town centre is only a ten minuet walk. Junction 17 of the M6 is 7.1 miles via the A534.

SERVICES

All mains services are connected. Each floor has its own independent gas fired central heating system. No services have been tested by the agents.

VAT

The sales price is not subject to VAT.

TENURE

Available freehold with vacant possession upon completion. If the buyer does not need all of the accommodation from the outset the vendor (who trades from the second floor) would be prepared to enter into a lease on terms to be agreed.
